

KEEPING PACE

Issue 15 Summer 2025

Quarterly update from the Association of Ambulance Chief Executives (AACE)

The latest edition of 'KEEPING PACE' our quarterly update for ambulance service employees and volunteers.

New assistance dogs guidance

Support for staff in how to provide care for patients with assistance dogs, promoting dignity, independence and welfare awareness.

England's 10-Year Health Plan

How the Plan's focus on prevention, technical innovation and neighbourhood care align closely with the ambulance sector's vision.

AACE's commissioning paper

A new AACE paper called for urgent reform of ambulance commissioning to align with NHS priorities for integrated, community-based urgent care.

Get to know your staff networks

Fostering and boosting inclusion and wellbeing, staff networks can have significant cultural impact and provide many developmental pathways.

AACE meets UK health ministers as violence against staff increases

With support from all four UK health ministers and updated CPS charging guidelines, the sector is seeking stronger legal deterrents and faster justice.

Sexual safety and reducing misogyny workshop

A workshop driven by lived experience, psychological safety and local initiatives attracted over 70 ambulance employer and union representatives.
